

Go From My Window

You go from my win - dow, my love go; The
 De - vil's in the west and we can - not un - der - stand, Please
 go from my win - - dow my love go.

1. You go from my window, my love go
 The devil's in the West and we cannot understand.
 Please go from my window, my love go.
2. You go from my window, my love go.
 For the cuckoo's in the nest and we cannot take no rest.
 You go from my window, my love go.
3. You go from my window, my love go.
 For the Devil's in the man and he cannot understand.
 Please go from my window, my love go.
